Prepare for the Naturalization Test

What should I expect at my naturalization interview?

At your naturalization interview, you will be required to answer questions about your application and background. A USCIS Officer will test your ability to read, write, speak, and understand English (unless you are exempt from the English requirements). You will also be given a civics test in English to test your knowledge and understanding of U.S. history and government. You will be given two opportunities to take the English and civics tests and to answer all questions relating to your Form N-400, Application for Naturalization. If you fail any of the tests during your initial interview, you will be retested on the portion of the test that you failed (English or civics) between 60 and 90 days from the date of your initial interview.

Applicants who are age 65 or older and have been a permanent resident for at least 20 years at the time of filing Form N-400, Application for Naturalization, are only required to study 20 of the 100 civics test questions for the naturalization test. These questions are flagged with an asterisk (*) in this brochure.

For information on exceptions or modifications to the English and civics requirements for naturalization, see “Exceptions and Accommodations” available at uscis.gov/citizenship.
